

# StarFox: The Dinosaur and Harvester Adventures

General Pepper visited the StarFox Subspace HQ to find a naked Fox McCloud sleeping on Andross' bundled tentacles. Peppy asked General Pepper if he could leave a message for Fox saying what his next destination will be. An hour later, Fox McCloud arrived on Sauria to learn the planet's history. The local civilization are sentient dinosaurs in their eternal ancient home. Thanks to Slippy, Fox McCloud can use the translator on his wrist communicator to understand the Saurians' language.

Fox helped and healed the Queen Earth-walker and learned the mystery of the dinosaur planet. Fox McCloud went with young Prince Tricky to find the elemental spell-stones and Krazoa spirits. The Earth-walker queen told Fox that a female Ceranian was guarding one of the Krazoa temples, but got overwhelmed and captured by the cunning General Scales.

While traveling on dinosaur planet, Fox McCloud met a shaman which helped unlocked a hidden memory in Fox's mind. Fox McCloud remembered his mission to defeat Andross, but decided to keep the memory locked because he's still keeping the collar on that Andross gave him. After retrieving the Spell-stones and few of the Krazoa spirits, Fox McCloud makes a detour to rescue the Ceranian guardian at the Sharpclaw fortress. Fox fought through some of the Sharpclaw soldiers and encountered the last Sharpclaw whom freed Krystal and accompanied on Fox McCloud's adventure.

While traveling to find the final Krazoa spirit, the reformed Sharpclaw told the group about Fox McCloud's adoptive mother and history. Fox was stunned to hear his mother was a Ceranian and dumped General Scales' brutal father before meeting James McCloud. Fox McCloud confronted to General Scales to retrieve the captured Krazoa spirit. Scales asked Fox to surrender since the hero is wearing a slave collar, but Fox negotiated differently and asked his brother General Scales to join StarFox.

With Dinosaur planet restored and Prince Tricky became a cadet of StarFox, Fox McCloud returned back to the Subspace StarFox Headquarters with his brother Scales and Krystal. General Pepper congratulated Fox of the successful mission and sent a rewarding fee to StarFox.

When they arrived, Andross told Fox that Falco Lombardi went to a different location with the ancestors' blood in his avian body. While Fox McCloud was introducing his new teammates to Andross, Krystal felt fear of seeing the reformed dark entity in front of her.

General Pepper contacted StarFox and asked Fox McCloud to find the Scouting patrol in a traveling Starship. Fox told Andross he'll have his victory pleasure-sex later and heading out to his new mission.

When Fox launched from the Subspace HQ, Krystal started wandering around in the big Subspace HQ to see what changed the hideout to be homemade. Scales went to his new apartment home before heading to the docking/launch bay. Krystal asked Andross why he wasn't defeated, so Andross told the truth and story of how he easily captured Fox McCloud. Scales was in his bedroom listening to Andross' story on the comms, he couldn't know how his brother would be captured and sex slave-bended easily.

Fox McCloud with a Rescue Squad arrived in the Harvesters' starship and started searching for the Scouting Patrol. The approaching alien Harvester welcomed Fox and led them into the Harvest Hall to meet their scientific leader. Fox is chatting with the Dino-Alien Harvester while trying to make an accord, but the Dino-Alien has a different idea when he sees the slave collar which Fox McCloud is wearing. The Dino-Alien told Fox about his missing Harvesters and made a new accord with Fox McCloud. Fox agrees to rescue the Dino-Alien's alien-harvesters in a returning exchange, he'll switch positions with the Scouting Patrol to be voluntarily cum-milked for a few days.

Before Fox McCloud sets out to find the missing alien-harvesters, he contacted Andross asking who's creating a vengeance plan on Corneria. Andross remembered Captain Shears and told Fox to head for Titania where the EX-Captain and captive harvesters are located.

Slippy Toad found the drained-out inactive harvester in the Jail Hall where the criminals/hostages are locked in. Unaware of the harvester standing in front of him, Slippy unzipped his pants and slipped the tentacle tube on his penis to feel the pleasurable milking procedure. Andross watched Slippy on the hovering security monitor being pleasantly cum-milked on the inactive harvester, hoping to wait for the harvester to fully awaken and undress the pleased Slippy Toad.

Fox McCloud arrived on Titania to rescue the missing alien harvesters at a nearby factory base. Fox finds a Janitor disguise so he won't be detected by Captain Shears' Henchmen soldiers. The Janitor disguised Fox McCloud explored the factory and found the captured un-drained harvesters in a storage area. After Fox rescued the abducted harvesters, he used his wrist communicator to have General Pepper send reinforcements for extraction and fighting the enemy soldiers on Titania.

Falco Lombardi returned back to the Subspace HQ to greet his new teammates, but instead seen a shocking erotic view of a naked Slippy Toad at the Jail Hall in a Security screen.

Captain Shears was watching the Security screens when he noticed a Janitor wearing a slave collar, then he recognized Fox McCloud escorting the alien harvesters with General Pepper's army. Angered of seeing the intruders, Shears shouted through the comms to alert his soldiers to catch Fox McCloud!

Scales and Falco Lombardi went through the portal to arrive at Titania and defended Fox McCloud from General Shears' soldiers. After they extracted the harvesters to the rescue-ship, Fox needed Scales to help him confront up to Shears.

Fox McCloud asked General Scales, his Sharpclaw brother to bring Shears back home to Andross before sending him off to General Pepper's custody. Fox boarded in his starfighter and flown back to the Alien Harvesters' Starship to complete their accord.

After Scales returned back to the Subspace Headquarters with the captured Captain Shears, he helped Peppy Hare get the nude Slippy Toad off from the reawakened alien harvester. They carried naked Slippy to the Medical Bay for him to rest and recover.

Fox McCloud re-entered into the Harvest Hall and undressed in-front of the Dino-Alien to fulfill his part of their accord. The Dino-Alien is glad to have his harvesters returned and heard what happened to the drained harvesters, he asked his elite to start cum-milking the slave-collared Fox McCloud.

Falco Lombardi watched the Rescue Squad extracted the captured scouting patrol and a few abducted hostages back to Corneria to recover and be debriefed from their erotic adventure.

Falco contacted Scales and asked him to watch his brother Fox McCloud in the Harvest Hall of the Harvesters' Starship, so Scales accepted Falco Lombardi's request.

General Scales entered the Harvest Hall and saw his naked slave-collared brother Fox McCloud restrained on the alien harvester while being cum-milked. Scales meet and chat with the Dino-Alien while watching Fox get milked on the Harvester.

Falco returned to the Subspace Headquarters to find an active alien harvester in the Jail Hall; so he escorted the harvester to his apartment home, getting undressed, and gets restrained on the harvester to be pleasantly semen harvested by it's milking tentacle tube.

Andross sees Krystal in the Medical Bay with Peppy watching the sleepy-recovering Slippy Toad. On another monitor, Andross is watching Falco Lombardi being pleasurably cum-milked on the alien harvester.

When Slippy recovered from the pleased milking procedure, he grabbed his nearby uniform to get dressed and went to the ship garage to work on a new starfighter. Krystal was glad that the technician toad has fully recovered and headed to the main room/office to chat with Andross.

Couple days later, Fox McCloud and General Scales returned back to the Subspace Headquarters to rest from their alien harvester adventure. Krystal went shopping at Corneria to find special gifts for her teammates to celebrate their greatest victory.

Fox McCloud became aware to find the active harvester in Falco's apartment home and found a naked Falco Lombardi sleeping on the bed. Fox went to his apartment bedroom and saw Krystal waiting for her savior to have a mating sex.

Andross watched his son, Fox McCloud having sex with Krystal through the security monitor. General Scales feels envious of his brother asked Andross to be his second son and be pleurably raped, so Andross agrees to his request as he undressed and starts sexual raping Scales.
