

Good girl

Hey there!

How have you been?

Woah! Woah!

Haha! That's a little too close for comfort!

Oh, you're interested in what I have behind my back?

Well, sorry to disappoint you, but this hand is empty!

What? You meant my right hand? Well, that one's empty too!

Hm? You think I switched the thing behind my back?

Come on girl, you know that isn't how you should talk.

Just be good and relax.

You think I'm playing with you? That I'm not taking you seriously?

...

Come on, be a good girl.

Don't think too hard, let me guide you.

Yeah, that's it. Just let that tongue lol out and pant like a good girl.

Ooh, you like being called that, don't you?

You know what good girls get?

Ah, a bark of approval! Now you will really get the skritchies!

Yeah! Right behind the ear, that really hard place to scratch. Heheh, that must tickle!

Good girl!

Hm? You still want the thing from behind my back?

Ok then! Fetch!

...

Why did you come back with nothing?

Oh I didn't throw the ball?

Clever girl!

Ok then, this time for real.

Fetch!

Ah, look at her go, with all that black and white collie energy. I'll be here for a while, aren't I...
