

Luka's semen. Luca is very calm as if he had experienced this a lot.

"It's so nice to take out semen".

"Yeah, I feel good too."

Wooyeong pretends to be strong, but he can't hide his embarrassment that Luca reacts more calmly than expected.

'First of all, you have to quickly drop Luca's stamina. What else is there?'

Wooyeong begins to think fiercely.

"Now! The dumbbell that has increased has doubled its starting weight!"

The dumbbell is heavier over time. Wooyeong's whole body begins to shake. How the production team created this dumbbell was an amazing Wooyeong.

"It's really heavy." I've never seen a dumbbell this heavy.'

I quickly think about how to disturb Luca.

"I'm going to make Luca run 10km on the treadmill with the dumbbell. Then you'll lose your stamina."

However, Wooyeong changes his mind again. Luca doesn't seem to put down the dumbbell just because he runs on the treadmill. Rather, I think Luca will run comfortably.

"I'll bother Luca."

"Oh, Wooyeong, are you going to disturb me?"

"Right."

Wooyeong whispered to the host about how to disturb Luca. Dozens of people head to Luca with feathers. After riding on Luca's body using a crane, they start tickling Luca's body with feathers.

"Oh, it's itchy".

Luca makes a slightly embarrassed look.

"You'll be distracted, Luca."

"I'm the champion for no reason". Whoosh!

Luca tries to calm down his embarrassment and balance it again. However, it is a little disorganized, perhaps because of the loss of his physical strength.

"You have to attack in a row."

Wooyeong decides to use his last chance to disturb and whispers how to disturb the referee.

"Whew... It's four times more than when I first started to raise dumbbells." Huh? Wooyeong? Are you disturbing me again?"

"Since you told me to use all three times."

"That's the rule". Good. Let's endure it!"

R gas is put back into Luca. His semen locks the floor, and the feathers are still tickling Luca. Luca feels a tremendous sexual stimulus.

"Ugh... This is a bit...!"

"Let's hang in there!"

As the disturbance gets longer, Luca can't hold out any more and throws a dumbbell.

"Bang!"

With the tremendous sound, everyone has a moment of silence.

"Ugh... I lost..."

The audience shouts Wooyeong's name when they see the birth of a new street muscle champion in the sixth episode.

"Wow, we won!"

"Now~! The dynasty that seems to be unbreakable and eternal has finally ended by a new challenger."

"That's right. You're finally watching the birth of a new champion."

"Wooyeong, congratulations."

"Thank you from the bottom of my heart."

"Wooyeong, now gain Luca's muscles and enjoy the glory of victory!"

Wooyeong walks softly and approaches Luca.

"Whew... I need to build muscles again." Congratulations on winning! Now! Take this champion belt!

By the way, the champion belt is almost the same size as Wooyeong's current size.

"How is that possible?"
