

The tragedy of VVIP.

It was the morning when the morning sun was shining hard on the gym door. Everyone was preparing to enter their respective seats and start a new day. The same was true of Lucy, who manages the gym counter.

"Should I start my day at the gym today?"

Lucy's gym was the largest in the region. It had the most exercise equipment and professional curriculum. From professional health trainers to people coming to the gym to lose weight, it was a place where people from all walks of life visited constantly. Lucy starts cleaning up the gym first. Organize the equipment so that people can feel comfortable, organize the supplies in the shower room, and clean the floor quickly so that people can feel comfortable.

"I think it's perfect now."

Lucy, who was humming, checks the records on the computer just in case. And, he realized that he had missed one thing. It was a secret room right underground. Bodybuilders and VVIP customers entered the underground room, but they didn't come out until this morning.

"Strange. Why isn't he coming out?"

She takes out her cosmetics and applies lip gloss. Usually, a bodybuilder who entered the secret room would come out within six hours at the latest. However, it was strange that he didn't come out even though it was more than 13 hours now.

"The owner told me not to go to that room".

But the boss didn't go to work today. Lucy somehow thought she had to take care of things. She called the boss first to prevent problems. She was ordered to look inside if there was no bodybuilder inside until 30 minutes ago.

"Oh, it's 30 minutes before the business starts".

Eventually, Lucy began to walk underground. Unlike the ground where colorful music was heard, she felt gloomy as she went underground. Lucy wanted to jump up right now, but she couldn't help it for a quick opening. As she went underground, a huge iron door began to be seen. If she shot the master key next to it, she could go inside. Lucy breathes and opens the door. She pulls her first foot into the door. By the way, I can feel something squishy in her shoes.

"What is this?"

Lucy thought it would be gum, and she shined what it was with the light of her cell phone.

"Oh my god!"

Lucy was so surprised that she almost fell back, but fortunately, she didn't get her clothes dirty because she grabbed the wall behind her. It was blood that made Lucy's feet sticky. Lucy freaks out when she sees the scenery spreading on the floor. Bloody water is scattered with unknown flesh along with the floor.

"Is there anyone alive?"

Lucy searches the room with last hope, but no signs of popularity were found. Lucy intuitions that something uneasy has happened and calls the police right away. The police began to investigate the case.

"The death was the tiger bodybuilder Wooyeong. He said he was mainly teaching VIPs."

"How can such a terrible thing happen?"

Police officers start calling the president who runs the gym and starts investigating.

"But Arthur wasn't originally a VVIP member"."

"Really? I'll check it out."

"Oh, I think another VVIP member transferred this service at this time. It's not supposed to be like this, but complicated..."

The police do not miss the sound of the gym owner muttering.

"What did you just say?" It's on the house?

"Boss, you have to talk straight." Otherwise, you can be cornered as the perpetrator and be sentenced to prison."

The gym owner sighs.

"Okay. I'll talk straight."

Police succeed in uncovering the whole case through CCTV records and testimonies.

"Now, let's talk about the VVIP accompanying death with the gym trainer."

The incident began when the lion Arthur met his friend Jedra. Jedra was a small, thin white rabbit. He smiled and greeted Arthur.

"How have you been?"

"Yes, Jedra. I've been well."

"Do you have any concerns?" Your face doesn't look good."

Arthur thinks about it for a long time and decides to share his worries with Jedra. Arthur was a shy and soft lion. No one saw Arthur as a man.

"Arthur is so cute".

"And you have a lot of fat."

For them, Arthur was just a cute lion. People played a lot of pranks and treated Arthur carelessly. Arthur was in a bad mood, but he couldn't say a word and was just teased. Arthur was a financial office worker who worked sitting down, so he gained a lot of weight. In particular, his mane was almost out due to stress. One day, Arthur was first offered a blind date. Arthur, who had been agonizing for a long time, seemed to regret not having a date at least once in his life.

"Hey, I'm going to go out!"

However, Arthur's worries grew as the date approached. In his way now, he would only get hurt if he went on a date. Considering Arthur's current situation, he had to reject this dating situation. However, Arthur didn't want to miss this opportunity. Jedra looks at Arthur for a long time. When Jedra was in a difficult situation, Arthur helped Jedra materially and mentally. Jedra feels that it is time for her to solve Arthur's problems.

"Come on, go to the gym I'm introducing you to."

"Isn't this an expensive place?"

"I'm okay because this is VVIP."

Jedra was receiving the most benefits like a gym VVIP. In particular, he was receiving a special service given twice a week, and this week he felt that he could give up for Arthur. Arthur can't hide his curiosity when he is told that his body can change in an instant.

"This gym has a 'special' personal training system for VVIP. Trainers pay close attention to many VVIP customers."

"Oh, that's so nice." I think this will be a big opportunity for me."

"However, there is something you must keep."

"What's that?"

"You have to keep it a secret." Can you do it?"

"Of course."
