Golden morning

Golden rays lick glass.
The morning calls, work beckons
Stretch. Flick. Not today.

Companion

Company I plead.
Owner's warm embrace I need.
Be like me, agreed?

Long travels

Grinding roads wind on.
Tired. Hot Wind lifts spirits.
Wings for the wary.

Pride

Pride, in those with you.
Might, do what you want to do.
Roar, you don't need more.

New balance

Green grows enticing.
Lean forward, take it all in.
Two contacts now four.

Colors of the leaves

Autumn shines once more.

Bask in its colors and gain.

The hue of the fox.

Waiting at the edge

Diamond shore fishing.

Patience grants rewards to all.

Shift. Dart. Spear. Fresh food.

Making a statement

```
--BULK UPDATE
```

```
Update Human Set
```

```
Species = 'Giant dragon'
```

```
Where Boring = 1
```

```
GO
```

Crawling goodness

Licking the pot clean.

Tastes so good, onto next snack.

Licking the hill clean.

Thirst

Water's edge speaks loud.
Burning sun, nary a cloud.
Soothing water breaths.

Hiking

Steep mountain. Hiking.
Straight maroon companion.
Bite down stick. Happy.

The hunt

Run through the forest.
Fly silently after prey.
Graceful dewy owl.

Need for speed

Push your limits on.
Lean, run. Changes have begun.
Spots and yellow won.

Metamorphosis

Old. Stiff. Slow. Can't move.
Leave your old shell and fly high.
Carrying colors.

Different sights

Voice that sees in dark.
Reply now, earthbound and find.
Sight without seeing.

Shifting landscape

Smooth landscape hardens.
Cracks surface, features jut out.
The crocodile forms.

Chase

Masked thief, stop right there!
Lidded hiding place spotted.
One enters, two leave.

Rough rocks

Like a stone downhill,
You want to rock but it's rough.
Rocks...rough, rock-rockruff?

Teaching

Learning is boring.
Yet the twilight settles in.
School starts. Join the pond.

//It takes time

```
switch(isFelineCheck){  
case 'Biped': MeetGround(); return;  
default: Cat(); return;  
}
```

//On success (addendum)

```
try{  
    transform();  
}  
catch(bird y){ }
```

Crouching and flying

Azure water rush.

Navigate, fight up the stream.

And snake across skies.

Tender care

Days blue, sorrow felt.

Anguish meets slithering coils.

Tight yet gentle hug.

It's a stretch

Empty growlings hurt.

Stretch for food. Longer, longer.

Emerald trees no match.

Ocean floating

Cold blue ocean.

Danger close. Hide and hold still.

Brown sands conceals form.

Otter noises

Hard to speak. Say eek.

Hold it in. Squeak. Change your ways.

Speak. Otter not meek.

Colorful cacophony

Cacophony yells.

Hear! Heed, our call! The sound swells.

Rainbow feather kvells.

Coy oats, eh

Cream hills go and sway.

Silly or sane do your own say.

Wily canine way.

Lazing tree thing

Maize calls, active night.

Explore the trees, bear nor cat.

Lazy and fine that.

Howl to the moon

The moon speaks, hear it.

Embrace its voice with your own.

Howl growl growl, freed wolf.

Bright path

Old becomes anew.

Signaling your chosen path.

Fly, alight the sky.

SHAPESHIFTER

Form is mind.

See it.

Mind is form.

Believe in it.

Form your shape.

Shifter.
